working together to improve transition
for disabled young people

The National Strategies Transition Support Programme consultant team

The National Strategies (SEN/LDD team) works with the National Transition Support Team and delivery partners to provide regional advisory support to Local Areas in developing local transition processes for disabled young people as they move into adult life. The National Strategies team focuses its support on Local Areas that identified themselves, through their responses to a self-assessment questionnaire, as in need of a high level of support to develop local transition support practice up to, and beyond statutory compliance and minimum standards.

There are 5 Transition Support Consultants. Their work is coordinated by a Senior Director in the SEN/LDD team.

Team details

The team consultants and the regions they cover are listed below:

North West, North East: Michael Dishington (michael.dishington@nationalstrategies.co.uk)
